

Let's Bring a Revolution in the Scientific Society: Young Researchers Forum

Aashish A. Bardekar*

Sipna College of Engineering and Technology, Amravati, India

"4th International Conference on Traditional Medicine, Acupuncture and Modern Health Care" will be held in **Amsterdam, Netherlands** from **June 24-25, 2020**, under the theme: **"An Integrative Approach for Achieving Global Alternative Medicine Therapies"**. From communitarian, hands-on workshops to whole sessions covering top deliberated issues in Alternative Medicine, we warmly welcome you on behalf of our Organization Europe Conferences to all Doctors, Professors, Researchers, Students, and all the fascinated people relating to Alternative Healthcare from all through the world for our 4th International Congress on Traditional Medicine, Acupuncture and Modern Health Care.

Traditional Medicine Congress 2020 is among the world's greatest **Alternative Healthcare Conferences**. The multi day event on Traditional Medicine Conference will have 50+ Scientific and precise sessions and sub-sessions on frontline valuation and most recent research enhancements in the field of Traditional Medicine and Natural Medicine remedies over the world. It will be an unbelievable platform for the Young Researchers/Academics and Delegates to procure enormous knowledge from the Conference, and significantly more from all through the world with copious involvement with in the field of Traditional Medicine and Modern Healthcare.

Alternative Healthcare Conference Committee is envisioned to honour admired award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Alternative Healthcare.

Young Research's Awards at Traditional Medicine Congress 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/PhD/Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Traditional Medicine Congress 2020 young research forum.

The Young Researchers Forum (YRF) presents young researchers a chance to present their in progress work as well as finished results to the community in a friendly, open setting. Just like in the main event, presentations will be given in the form of talks. A pre-screening (but no formal review process) will make sure appropriate quality control.

Candidates to the Award must be nominated by researchers from academia or industry and must present their papers during the symposium. The selection will be made by a scientific committee and the winner will be announced during the symposium.

The aim of the Young Researchers Forum is to inspire and convey together young researchers within the related field. The forum affords a vibrant place for discussing potential and on-going research in any stage, from knowledge to results. The forum strives to be responsible for a friendly environment to permit young researchers to get feedback on their work, exchange experience, ask questions, and explore pathways hospitable them. Additionally, the forum encourages collaboration between young researchers, experienced researchers and industry. Each author, in addition to reviewers relevant to their work, are going to be assigned an industrial mentor who will also assess and suggest enhancements to their submissions.

Guidelines for abstract submission:

- Abstracts should not contain more than 300 words.
- The abstract should contain the introduction, materials and methods, results and discussion, keywords along with the title. Size of abstracts should not exceed 1 MB.
- All submissions must be in English.

Young Scientist Award:

- Accompanied by the following information: your name, photograph, affiliation with a university or other academic institution, contact details and biography
- Photograph must be in-between 20-50 kb in size

- Young Researcher Award is open to any person from any place across the world who has been involved in neuroscience, neurology and related research activities
- Relevant to at least one of the topics under discussion at the Euro Case Reports 2020.
- Proposals will be rejected if not found associated to the scope/area of the conference.
- Focused on research in relevant field's Alternative Medicine, Complementary Medicine, Acupuncture, Integrative Medicine and its departments/subspecialties.
- A duly signed endorsement letter by the departmental head/ faculty member. Size of letter should not go beyond 1 MB
- Canvassing in any form will lead to the elimination of the paper/submission
- Respective candidate is required to make a brief power point presentation (15-30 minutes) about his/her research work at the symposium.
- This may be monitored by 10 minutes Q&A session / discussion
- The assortment committee members will declare the final winner

Guidelines for Young Researchers Forum:

Benefits:

- Young Scientist Award recognition certificate and memento to the winners. nc
- Our conferences provide best Platform for your research through oral presentations.
- Pick up about career upgrading with all the most recent technologies by networking.
- Young Scientists will get proper and timely information by this Forum.
- Platform for association among young researchers for superior development.
- Provide an occasion for research communication and reputable senior investigators across the globe in the field.
- Share the ideas with both prominent researchers and mentors.
- It's a great honor for young researchers to learn about the research areas for mounting their research knowledge.
- Chance for young researchers to find out the research areas of their peers to extend their capability as multidisciplinary researchers.
- Actively allocate information and promote the advantages of education and career matters.

Eligibility:

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, junior faculty with a minimum research experience.
- Exhibition must be into scientific sessions of the conference.
- The applicant must have completed his/her PhD with at least one publication in Open Access Journals.
- The upper age limit of the young participants for the award is 35 years.
- The papers submitted will be subjected to verification for authenticity. Plagiarism shall lead to cancellation of award.
- The final assortment for the awards will be made by a duly constituted committee and the awards will be given.
- Each nominee is required to make a brief presentation (15 minutes) about his/her research work before the concerned Sectional board of members.
- The awards are given for excellent contributions made by the Young scientists on work done.
- Scientific societies of national/international standing, university faculties, post-graduate departments or research institutions may also make suggestions of suitable nominees.
